Kuala Lumpur

Mastering Compressor & Pump Technology An Essential Training for Oil and Gas Professionals

Ref.: 3_10458 **Date:** 04 - 08 Aug 2026 **Location:** Kuala Lumpur **Fees:** 5200 **Euro**

Course Overview:

Embark on a deep-dive exploration into Compressor & Pump Technology in this specialized training course tailored for the oil and gas industry. Unlike any other, this program offers a 360-degree understanding of various types of reciprocating, rotary, and dynamic compressors and pumps. With cutting-edge fault detection techniques, selection criteria, and predictive maintenance strategies, the course transforms attendees into assets for their organizations. By completing this course, you will be empowered to maximize the efficiency, reliability, and longevity of critical machinery, thus enhancing operational excellence.

Target Audience:

- Operation and Maintenance Operators
- Supervisors & Technicians
- Facility Engineers
- Utility Engineers
- Technical Professionals dealing with condition monitoring, reliability, and integrity analysis

Targeted Organizational Departments:

- Operations
- Maintenance
- Engineering
- Quality Control
- Reliability and Integrity Management

Targeted Industries:

- Oil and Gas
- Petrochemical
- Energy Production and Distribution
- Utilities
- Manufacturing

Course Offerings:

Participants will acquire the ability to:

- Maximize equipment efficiency, reliability, and longevity
- Size and select appropriate compressors and pumps
- Conduct advanced fault detection and diagnostics
- Apply predictive and preventive maintenance strategies
- Understand and resolve common operational problems

Training Methodology:

Our training methodology is a mix of theoretical instruction, real-world case studies, interactive group work, and continuous feedback sessions. This blended approach ensures not only knowledge acquisition but also skill application, enabling you to resolve real-world challenges effectively.

Course Toolbox:

- Workbook with exercises and templates
- Interactive software for sizing calculations
- Equipment fault detection checklist
- Resource library with relevant research papers and articles
- Diagnostic tools for vibration and used oil analysis

Course Agenda:

Day 1: Understanding Fundamentals

- Topic 1: Introduction to Gas Laws
- Topic 2: Types and Applications of Compressors
- Topic 3: Types and Applications of Pumps
- Reflection & Review: Recap of Day 1

Day 2: Maintenance and Troubleshooting

- Topic 1: Predictive Maintenance Strategies
- Topic 2: Common Problems and How to Solve Them
- Topic 3: Fault Detection Techniques
- Reflection & Review: Recap of Day 2

Day 3: Performance Optimization

- Topic 1: Increasing Efficiency and Reliability
- Topic 2: Sizing and Selection Criteria
- Topic 3: Vibration Analysis
- Reflection & Review: Recap of Day 3

Day 4: Advanced Topics

- Topic 1: Latest Technologies in Compressors & Pumps
- Topic 2: Regulatory Compliance
- Topic 3: Case Studies in the Oil and Gas Industry
- Reflection & Review: Recap of Day 4

Day 5: Wrap-up and Certification

- Topic 1: Course Summary
- Topic 2: Examination and Certification
- Topic 3: Future Trends and Outlook
- Reflection & Review: Final Recap and Certificate Distribution

How This Course is Different:

This course goes beyond mere technical specifications, offering practical applications and solutions, especially for the oil and gas industry. It combines real-world case studies, expert-led interactive sessions, and actionable strategies to offer a course that is unparalleled in content and delivery.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
