Ref.: 36181_14324 **Date:** 04 - 08 May 2027 **Location:** Sharm El-Sheikh **Fees:** 4100 Euro

Mastering Financial Treasury & Forex Management Training Course Overview:

This comprehensive course, 'Mastering Financial Treasury & Forex Management Training Course,' is designed to equip professionals with an in-depth understanding of financial management, treasury management, forex management, and a suite of other critical financial disciplines. Participants will delve into capital budgeting, understand the nuances of capital structure decisions, and master working capital management. The course offers a deep dive into cost of capital, financial services, project planning in finance, and dividend policy. Enroll to gain expertise in security analysis and portfolio management, derivatives and commodity exchanges, and to navigate the foreign exchange market with confidence. Enhancing your corporate financial strategy and risk management in finance, this course prepares you for the evolving financial sector reforms. Each module is built around intensive training methodologies to ensure a profound understanding of financing decisions, financial regulatory architecture, and economic value-added EVA principles.

Target Audience:

- Financial Analysts
- Treasury Managers
- Forex Traders and Managers
- Capital Budgeting Analysts
- Investment Bankers
- Risk Managers
- Financial Controllers
- Corporate Finance Executives

Targeted Organizational Departments:

- Finance and Accounts
- Treasury
- Risk Management
- Corporate Planning
- Investment and Fund Management

Targeted Industries:

- Banking and Financial Services
- Investment Banking
- Corporate Sector
- Insurance Companies
- Manufacturing and Services

Course Offerings:

By the end of this training course, participants will be able to:

- Comprehensive understanding of Financial and Forex Management
- Skills in capital budgeting and making robust capital structure decisions
- Techniques in effective working capital and financial services management
- Insights into project planning and dividend policy
- Proficiency in security analysis, portfolio management, and understanding derivatives
- Strategies for navigating the foreign exchange market and understanding financial sector reforms
- Practical skills in investment, financing decisions, and understanding economic value-added EVA

Training Methodology:

This course employs a blend of theoretical foundations and practical applications, ensuring a thorough understanding of each critical aspect of financial treasury and forex management. It incorporates case studies, real-world scenarios, group discussions, and interactive sessions to facilitate a comprehensive learning experience. The course will include expert-led sessions, peer-to-peer learning, and hands-on projects to master the complex world of finance. Participants will engage in simulations, reflective practice, and continuous feedback to solidify their learning and ensure they can apply the concepts in their professional roles effectively.

Course Toolbox:

- Comprehensive course manual and reference materials
- Case studies and real-world scenarios
- Online resources and templates for practical application
- Checklists and decision matrices for strategic planning
