## Course Agenda:

### Day 1: Introduction & The Foundation of Problem Solving

- Topic 1: Introduction to Problem Solving and Decision Making: Explore the significance of problem-solving training in project management and the unique attributes it brings to the project manager course.

- Topic 2: Standardizing the Approach — RESOLVE: Learn a standard approach to problem solving and its role in cognitive problem-solving skills training.
- Topic 3: General Tips for Problem Solvers: Discuss tips and tricks applicable for any project manager training course that can enhance problem-solving skills.
- Topic 4: Review & Expound: Collect data about the problem and the situation, analyze the scenario, and stakeholders' roles and implications. Frame the problem effectively.
- Topic 5: Solicit: Understand the need for data, its collection process, and the crucial step of problem validation in the problem-solving course.
- Reflection & Review: Reflect on the day's learnings and review key points using Agile thinking training methods for better retention.

## **Day 2: Observations and Option Analysis**

- Topic 1: Observe: Delve deeper into data analysis, stakeholder engagement, and gathering inputs as part of the certified project manager cpm course.
- Topic 2: Analyze Options: Define the objective of potential solutions, generate solutions, and learn how to analyze them effectively. Master the art of choosing the best solution using techniques from the Agile project manager course.
- Reflection & Review: Reflect on the day's learnings and review key points. This session provides training for project manager professionals to develop the habit of regular review and reflection.

## **Day 3: Implementation and Evaluation**

- Topic 1: Improve: Design a plan of action, establish the communication plan and implement solutions, as taught in the project manager training course.
- Topic 2: Evaluate: Monitor the solution implementation, evaluate it and learn how to report and close the problem effectively, as a crucial part of project manager training.
- Reflection & Review: Reflect on the day's learnings and review key points to conclude the problem-solving course.
