Project Execution & Advanced Planning Processes Training Course

Ref.: 42_244599 **Date:** 21 - 25 Jul 2025 **Location:** Kuala Lumpur **Fees:** 4400 Euro

Project Execution & Advanced Planning Processes Overview:

The 'Project Execution and Advanced Planning Processes' course delves deep into the intricacies of effective project management based on the PMBOK Guide 5th Edition and the Project Management Body of Knowledge. Participants will learn about the Advanced Planning Processes, Strategy Implementation, and crucial PMI concepts necessary for successful project initiation, planning, execution, monitoring, and closing. With insights from the real-world Project Management Training, attendees will gain a competitive edge, ensuring their projects stay on track and achieve strategic objectives.

Target Audience:

- Project Managers seeking PMP credential renewal
- Engineers venturing into Project Management for Engineers
- Executives keen on Project Management for Executives
- Professionals prepping for the PMI professional exam
- Newbies aiming for Project Management for Beginners

Targeted Organizational Departments:

- Project Planning and Strategy Implementation departments
- Project Management Teams handling Project Execution
- Quality Management teams overseeing Project Quality Management
- Human Resource departments focusing on Project Human Resource Management
- Marketing departments leveraging Project Management in Marketing

Targeted Industries:

Industries with a high reliance on project-driven outcomes, such as IT, Construction, Manufacturing, and Marketing, will benefit from this course. Given the rising importance of the PMBOK 5th Edition Training and the increasing trend of Online Project Management Degree, professionals in these industries will gain immensely from understanding PMI-approved practices.

Course Offerings:

By the end of the course the participants will be able to:

- Mastery of the Project management process groups
- Comprehensive understanding of Risk Management, encompassing both Qualitative Risk Analysis and Quantitative Risk Analysis
- Skills to handle Project Budgeting and Cost Management efficiently
- Techniques for effective Project Communications Management
- Insights into Project Stakeholders Management and Project Procurement Management

Training Methodology:

The training uses a blend of interactive sessions, group work, and real-world case studies to ensure participants get a holistic understanding of the PMI concepts. Attendees will be encouraged to share their experiences, providing peer feedback, making the learning immersive. With a focus on real-world Project Management Training, this course employs MS Project Training Course methodologies, engaging participants in hands-on exercises and simulations.

Course Toolbox:

- The PMBOK Guide 5th Edition
- Workbooks emphasizing Project Schedule and Plan Schedule Management
- Online resources for PMP Exam Prep Course and PDUs for PMPs
- Checklists and templates for Project Controlling and Monitoring

How This Course is Different from Other Project Execution & Advanced Planning Processes Courses:

Our 'Project Execution and Advanced Planning Processes' stands out by seamlessly integrating the PMBOK Guide 5th Edition's principles with real-world Project Management Training. From hands-on exercises using MS Project to intensive bootcamps on topics like Qualitative Risk Analysis and Project Stakeholders Management, this course guarantees a comprehensive understanding. It's not just theory; it's about mastering PMI-approved techniques for practical application.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
