# Advanced Supply Chain Management Training: SC Engineering & Optimization Trends

**Ref.:** 36158\_250689 **Date:** 03 - 07 Nov 2025 **Location:** Baku **Fees:** 4000 **Euro**

## Trends in Supply Chain Management, Optimisation, and Engineering Overview:

In the ever-evolving world of logistics and commerce, 'Trends in Supply Chain Management, Optimisation, and Engineering' offers a comprehensive view of the latest strategies and technologies. This course covers supply chain training programs, supply chain management training, supply chain optimization training, and various supply chain analytics course training. From sustainable supply chain training to supply chain risk management training, it encompasses key areas of modern supply chain processes. Its unique blend of practical and theoretical insights offers an edge in procurement supply chain management training courses, making it an essential resource for professionals.

### Target Audience:

- Professionals seeking supply chain training certification
- Supply chain managers looking for supply chain manager training
- Analysts interested in supply chain analyst training
- Professionals wanting to upgrade to certified supply chain professional training

### Targeted Organizational Departments:

- Supply Chain and Logistics
- Procurement and Purchase
- Inventory Management
- Risk Management

### Targeted Industries:

- Manufacturing
- Retail
- Healthcare
- Automotive

### Course Offerings:

Participants will learn:

- Strategies in supply chain training programs
- Risk assessment in supply chain risk management training
- Optimization techniques through supply chain optimization training
- Digital Transformation in digital supply chain course
- Certified supply chain professional training standards

## **Training Methodology:**

The training methodology in 'Trends in Supply Chain Management, Optimisation, and Engineering' includes interactive sessions, supply chain training courses, group work, case studies on logistics and supply chain management training, and feedback sessions. Training for supply chain management, this course is a blend of traditional supply chain training and cutting-edge tools like supply chain online training, supply chain course online, and dynamics 365 supply chain management training, thus offering a well-rounded perspective.

## **Course Toolbox:**

- Workbooks on supply chain training
- Online resources for supply chain online training
- Checklists for supply chain compliance training
- Templates for supply chain manager training

## **Course Agenda:**

### **Day 1: Trends in Technologies - Part I**

#### **Topic 1: Introduction to RFID and Supply Chain Technologies**

- Overview of "A Systems Approach to Viable RFID Implementation in the Supply Chain"
- Understanding the Applications of RFID in Supply Chains

#### **Topic 2: Tools and Effects of RFID in Supply Chain Management**

- Exploration of "A Tool Set for Exploring the Value of RFID in a Supply Chain"
- Analyzing "The Effect of RFID on Inventory Management and Control"

#### **Topic 3: Mobile Supply Chain and Impact of IT on SCM**

- Study of "Mobile Supply Chain Event Management Using Auto-ID and Sensor Technologies - A Simulation Approach"
- Understanding the "Impact of Information Technology on Supply Chain Management"

## **Day 2: Trends in Technologies - Part II**

### **Topic 1: Supply Chain Agility and Design in Heterogeneous Environments**

- Review of "An Agent-based Approach to Enhance Supply Chain Agility in a Heterogeneous Environment"

### **Topic 2: Reverse Logistics and Government Value Chain Transformation**

- Exploration of "Design of Reverse Logistics Networks for MultiProducts, Multistates, and Multiprocessing Alternatives"
- Analysis of "Transforming the Government Value Chain: Emerging Business Models and Enabling Technologies"

## **Day 3: Trends in Methodologies - Part I**

### **Topic 1: Power of Lean Supply Chains and Diverse Production Models**

- Study of "Beyond Partnerships: The Power of Lean Supply Chains"
- Overview of "Diverse Production and Distribution Models in Supply Chains: A Semiconductor Industry Case"

### **Topic 2: Decentralized Supply Chains**

- Analysis of "Decentralized Supply Chain Planning for Two Classified Supply Chains"
- Exploration of "Multiagent System Approach for Dynamic Lot-sizing in Supply Chains"
- Review of "Integrating Transport into Supply Chains: Vendor Managed Inventory VMI"

## **Day 4: Supply Chain Uncertainty - Part I**

### **Topic 1: Uncertainty and Diversification in Supply Chains**

- Understanding "Supply Uncertainty and Diversification: A Review"
- Study of "Quantitative Robustness Index Design for Supply Chain Networks"
- Exploration of "Impact of Reducing Uncertainty in European Supply Chains"

## **Day 5: Available-To-Promise and Recap**

### **Topic 1: Analyzing Availability Management in Supply Chains**

- In-depth study of "Analyzing the Effectiveness of the Availability Management Process"

### **Topic 2: Recap and Reflections**

- Reflection on the key insights from the 5-day course

- Discussion on future trends in supply chain management

## **How This Course is Different from Other Supply Chain Management Courses:**

'Trends in Supply Chain Management, Optimisation, and Engineering' stands apart through its robust supply chain training program, inclusion of supply chain manager training, dynamics 365 supply chain management training, and supply chain analyst training. From basic supply chain training to certified supply chain professional training, it covers all aspects, uniquely tailored to current market demands.

# WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

## OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

## OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

## WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.

## Gamified and Interactive Training

We understand that training delivery can be challenging, both online and offline. To ensure engagement and achieve learning objectives, we have developed our own activities and collaborated with industry-leading solutions to gamify our training sessions. This approach increases interaction levels and guarantees effective learning outcomes.

## Our Training Categories

We cover a wide range of training categories to cater to different needs and interests

- Branding, Marketing, Customer Relations, & Sales Programs
- Finance and Accounting Programs
- Human Resources Management Programs
- Management & Leadership Programs
- Political & Public Relations Programs
- Project Management Programs
- Quality & Process Management
- Self-Development Programs

Join Agile Leaders today and embark on a transformative journey towards becoming a more agile and effective leader. Experience our customer-centric approach, actionable training, and guaranteed return on investment. Let us help you unleash your full potential in the dynamic business landscape.

## Where to Find Us

You can join our training programs at our centers located in

We also offer online training sessions through the Zoom platform.
