# Credit Analysis and Financial Modeling in the Mining Industry for Banking Professionals

Ref.: 36388 265795 Date: 01 - 05 Sep 2025 Location: London - Premier Inn Victorya Fees:

5700 **Euro** 

#### **Course Overview**

This course is designed for banking professionals in personal, wealth, SME, commercial, and corporate banking. It provides essential skills in mining industry credit analysis, financial modeling, and risk assessment. Participants will engage in case studies and practical exercises to evaluate mining project viability, structure financing deals, and mitigate credit risks. Focusing on mining value chains, market dynamics, and regulations, attendees will gain insights into effective lending strategies that promote bank growth and improve client relationships.

#### **Target Audience**

- · Credit analysts and risk managers
- Relationship managers in SME, corporate, and commercial banking
- · Investment bankers focused on the mining sector
- Financial advisors working with mining-related portfolios
- Professionals managing mining industry lending strategies

#### **Targeted Organizational Departments**

- SME Banking Teams
- Corporate and Commercial Banking Divisions
- Risk Management Departments
- Credit and Lending Units

#### **Targeted Industries**

- Mining and Extractive Industries
- Banking and Financial Services
- Investment Firms with mining-focused portfolios
- Environmental and Infrastructure Development

#### **Course Offerings**

By the end of this course, participants will be able to:

• Conduct detailed mining industry credit analysis

- Build advanced financial models for mining projects
- Perform sensitivity analysis and scenario planning for mining ventures
- Assess credit risk and financial viability of mining projects
- Structure and evaluate debt and equity financing deals in the mining sector
- Navigate global market dynamics and regulatory frameworks in mining

#### **Training Methodology**

This course employs an interactive, hands-on approach to learning, combining theoretical instruction with real-world applications. Participants will engage in:

- Case studies on credit analysis for mining projects
- Group discussions on lending strategies and financing structures
- Practical exercises in financial modelling for mining ventures
- Peer knowledge-sharing sessions to discuss best practices

#### **Course Toolbox**

Participants will receive:

- Templates for financial models and credit analysis reports
- Case studies on successful and unsuccessful mining deals
- Access to resource materials on market trends and regulatory frameworks
- Practical guides on sensitivity analysis and risk mitigation

#### **Course Agenda**

#### Day 1: Introduction to the Mining Industry

- Topic 1: Overview of mining operations and value chains
- Topic 2: Key stakeholders in the mining sector
- **Topic 3:** Market dynamics in the global mining industry
- Topic 4: Challenges and opportunities in mining sector lending
- **Topic 5:** Trends in the global mining industry

- **Topic 3:** Best practices for risk management in mining finance
- Topic 4: Case studies of real-world mining sector lending
- **Topic 5:** Group discussions on lessons learned and innovative approaches
- Topic 6: Applying credit analysis and financial modeling to real scenarios
- Reflection & Review: Wrap up with a comprehensive review and feedback session

#### **FAQ**

 What specific qualifications or prerequisites are needed for participants before enrolling in the course?

Participants should have a basic understanding of financial analysis and credit evaluation. Prior exposure to the mining industry or corporate banking is advantageous but not mandatory.

How long is each day's session, and is there a total number of hours

#### required for the entire course?

Each session lasts 4-5 hours, with the total course spanning 20-25 hours over five days.

 How does this course address regulatory challenges in mining financing?

The course dedicates a module to environmental and regulatory frameworks, providing strategies to address risks and comply with legal requirements.

#### **How This Course is Different**

This course is unique as it focuses solely on the mining industry, integrating practical credit analysis techniques with specialized financial modeling methods. Unlike generic financial training programs, this course offers real-world case studies from the mining sector, insights into global market trends, and hands-on applications of risk management and regulatory compliance strategies. It is specifically tailored for small and medium enterprises SMEs, corporate banking, and commercial banking teams.

# WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

## **OUR VISION**

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

## **OUR MISSION**

We are dedicated to developing valueadding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

## WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
