# Accounting & Financial Statement Analysis Training Course

**Ref.:** 1004\_306 **Date:** 06 - 10 Oct 2025 **Location:** London - Premier Inn Victorya **Fees:** 5700 Euro

## Course Overview:

Accounting & Financial Statement Analysis Course is a well-curated training course aimed at equipping participants with the comprehensive knowledge of financial planning and analysis. This course takes you on a journey, starting from understanding the accounting equation and significance of bookkeeping to mastering financial statement analysis. It demystifies balance sheet items, teaches you how to prepare an income statement, calculate a cash flow statement, and explains the difference between depreciation and amortization. The essence of the course lies in enhancing your ability in financial analysis planning and control, thus making you capable of effectively contributing to your organization's financial health. This is not just a financial accounting training course, it's a comprehensive guide to financial statement analysis.

## Target Audience:

- Accountants
- Financial analysts
- administrative assistant
- Finance managers
- Heads of financial planning and analysis

## Targeted Organizational Departments:

- Finance
- Accounts
- Planning
- Budgeting
- Control departments

## Targeted Industries:

- Banking
- Investment firms
- Insurance
- Retail
- Manufacturing

## Course Offerings:

Participants will learn to:

- Understand the main accounting equation and principles.
- Prepare main financial statements including income statement, balance sheet, and cash flow statement.
- Analyze financial statements using the financial statement analysis framework.
- Understand the difference between financial accounting and management accounting.
- Apply financial planning and analysis techniques to real-world business scenarios.

## Training Methodology:

The course employs a variety of training methodologies. It incorporates case studies to analyze real-world business scenarios, interactive sessions to promote the practical application of accounting principles, group work to facilitate learning from peers, and feedback sessions to ensure continuous improvement. By the end of this training course, participants will have a well-rounded understanding of financial accounting and analysis, supported by practical experience and critical analytical skills.

## Course Toolbox:

- Course handbook detailing the accounting cycle, financial planning and analysis process, and financial statement analysis techniques.
- Financial statement templates for income statement, balance sheet, and cash flow statement.
- Case studies for practical application.
- Online resources for continued learning and up-to-date accounting practices.
- Accounting software for hands-on learning.
