- **Reflection & Review:** Capstone Planning and Feedback

FAQ:

What specific qualifications or prerequisites are needed for participants before enrolling in the course?

There are no strict prerequisites. However, professionals with basic knowledge of operations or business strategy will benefit the most.

How long is each day's session, and is there a total number of hours required for the entire course?

Each day's session is generally structured to last around 4-5 hours, with breaks and interactive activities included. The total course duration spans five days, approximately 20-25 hours of instruction.

What's the difference between lean operations and agile operations techniques?

Lean operations focus on eliminating waste and streamlining processes, while agile operations techniques emphasise adaptability and responsiveness to change. Both are integrated in this course to build a resilient operations strategy.

How This Course is Different from Other Strategic Operations Management Courses:

This course stands out through its strategic integration of practical methods, cross-sector examples, and systems thinking drawn from *Strategic Operations Management*. Unlike generic operations programmes, this course integrates lean operations, agile operations techniques, and innovation in operations with strategic outsourcing, performance metrics, and transformation process optimisation. It equips professionals to lead future-ready operations across diverse industries by aligning enterprise operations frameworks with competitive business objectives. Through experiential learning and real-world case studies, participants acquire a solid foundation to drive sustainable, innovative, and strategic operations management across all levels of the organisation.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
