Corporate Finance Unleashed: A Complete Training Experience

Ref.: 1006_441 **Date:** 08 - 12 Dec 2025 **Location:** Dubai - Marriott Hotel Al Jaddaf, Dubai
Fees: 4500 **Euro**

Overview:

'The Complete Corporate Finance Course' is a comprehensive training program that delves into the realms of financial accounting and management accounting, laying emphasis on their roles and applications in the Oil & Gas Industry. This course aims to demystify the concepts of finance and accounting, highlighting the differences and intersections between these two domains. It caters specifically to professionals seeking a certification in finance and accounts, by offering a thorough understanding of key topics like capital budgeting, cost of capital, and principles of corporate governance.

Target Audience:

The course is tailored for individuals such as:

- Financial Analysts
- Finance Managers
- Accounting Managers
- Corporate Controllers
- Professionals seeking a certification in finance and accounts

Targeted Organizational Departments:

The course is beneficial for the following departments:

- Finance
- Accounting
- Corporate Governance
- Risk Management

Targeted Industries:

The course has been designed considering the specific financial challenges and requirements of industries like:

- Oil & Gas
- Energy
- Mining
- Utilities

Course Offerings:

By the end of this course, participants will be able to:

- Comprehend the intricate relationship between accounting and finance
- Distinguish between finance and accounting
- Understand the nuances of corporate finance within the Oil & Gas industry context
- Apply corporate finance principles, including capital budgeting and working capital management strategies
- Understand and apply principles of corporate governance

Training Methodology:

The training methodology for this course includes:

- Interactive sessions for conceptual understanding and practical application
- Case studies focusing on the Oil & Gas industry
- Group discussions and feedback sessions for collaborative learning
- Practical sessions using a financial calculator for investment decisions
- Comprehensive discussions to elucidate the difference between financial accounting and management accounting, and between finance and accounting

Course Toolbox:

Participants will be provided with:

- A financial calculator for practical sessions
- Workbook containing course materials and reference content
- Templates for drafting an investment policy statement
- Guidelines for corporate governance
- Additional resources for continued learning, especially beneficial for those seeking certification in finance and accounts

Course Agenda:

Day 1: Foundations of Financial and Management Accounting

- Topic 1: Introduction to financial accounting and its application in corporate finance.
- Topic 2: Understanding management accounting and its role in decision-making.
- Topic 3: The difference between financial accounting and management accounting.

- Topic 2: Stakeholder mapping and analysis: Identifying key stakeholders and their interests.
- Topic 3: Integrating corporate governance and stakeholder management in decision-making.
- Reflection & Review: Reflecting on the role of corporate governance in corporate finance.

How This Course is Different from Other Corporate Finance Training Courses:

'The Complete Corporate Finance Course' stands apart due to its industry-specific approach, focusing on the Oil & Gas sector. Unlike other courses, it sheds light on the difference between financial accounting and management accounting, making it an ideal choice for professionals who seek a deeper understanding or aim to acquire certification in finance and accounts. This course not only covers the theoretical aspects but also provides practical, hands-on experience using tools such as financial calculators for capital budgeting decisions. The incorporation of corporate governance principles further augments the course's comprehensiveness and practicality.
