- **Topic 6:** Final Simulation: Strategic Stakeholder Challenge
- **Reflection & Review:** Present your stakeholder engagement strategy

FAQ

What specific qualifications or prerequisites are needed for participants before enrolling in the course?

No formal prerequisites are required. However, a background in management, communication, or public-facing roles is beneficial.

How long is each day's session, and is there a total number of hours required for the entire course?

Each day's session runs for 4-5 hours, totaling 20-25 hours of intensive training across 5 days.

What if my stakeholders have conflicting interests and resist engagement?

This course dedicates full modules to managing conflicting interests, resolving resistance, and practicing techniques to build influence without authority.

How This Course is Different from Other Stakeholder Courses

Unlike standard project stakeholder courses, this program integrates adaptive leadership, long-term engagement planning, and trust-building into every phase. You'll not only learn how to engage stakeholders — you'll also develop the leadership mindset to influence them in complex environments. Our simulations, tools, and facilitator expertise are grounded in real-world challenges across industries.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
