FAQ:

1. What specific qualifications or prerequisites are needed for participants before enrolling in the course?

There are no formal prerequisites for enrollment; however, this course is designed for professionals with at least 10 years of experience in talent acquisition or HR. Participants should have a solid understanding of the recruitment process and a strategic mindset to gain the most benefit from advanced topics like recruitment benchmarking, analytics, and AI in talent acquisition.

2. How long is each day's session, and is there a total number of hours required for the entire course?

Each day's session is structured to last around 6-7 hours, with interactive activities, case studies, and discussion breaks included. The total course duration spans five days, totaling approximately 35-40 hours of instruction.

3. Will there be any hands-on experience with recruitment technology and analytics tools?

Yes, participants will have the opportunity to work with tools and dashboards, such as Predictive Hiring Analytics, ATS systems, and AI-powered recruitment solutions. These tools will be demonstrated conceptually and applied in real-life scenarios to enhance the learning experience.

How This Course is Different from Other Talent Acquisition and Recruitment Courses:

This course stands out by focusing on talent acquisition as a strategic leadership function, integrating advanced recruitment benchmarking, AI, and predictive analytics. It offers a comprehensive approach to onboarding, with a strong emphasis on retention strategies. Unlike other courses, it provides in-depth knowledge on data-driven metrics, recruitment ROI, and future-proofing recruitment practices, using real-life case studies and hands-on applications. Participants learn to align recruitment with organizational goals, leveraging technology while maintaining a human touch.
