No formal qualification is required. Basic familiarity with governance, executive support, board administration, legal, compliance, or corporate secretarial work is helpful.

How long is each day's session, and is there a total number of hours required for the entire course?

Each day's session is generally structured to last around 4-5 hours, with breaks and interactive activities included. The total course duration spans five days, approximately 20-25 hours of instruction.

What is the difference between board minutes and a meeting transcript?

Board minutes are not a word-for-word transcript. They should record decisions, resolutions, key reasons, actions, and governance evidence clearly. The uploaded Good Governance Guide explains that minutes are a record of the meeting, not a full report or transcript of every discussion.

Participants work on practical tasks such as preparing board calendars, structuring agendas, reviewing board papers, supporting the chair, drafting minutes, recording resolutions, maintaining registers, and tracking board actions. The uploaded IFC material presents the corporate secretary as a governance professional responsible for board communication, compliance, meeting support, ethical culture, stakeholder relationships, and follow-up.

The course also emphasizes boardroom judgment, diplomacy, emotional intelligence, trust, confidentiality, and constructive challenge. This makes it practical for governance professionals who need to support formal compliance while improving board culture, decision quality, and governance maturity.
