Cyber Politics & Public Diplomacy Certification Course

Cyber Politics & Public Diplomacy Certification Course

Overview:

The Cyber Politics & Public Diplomacy Certification Course provides an encompassing training for participants looking to delve into the world of cyber diplomacy, digital public diplomacy, and cyber politics. Understanding the implications of social media bots and Twitter diplomacy in today's world, this course offers a thorough overview of cyber international relations. Moreover, this cyber diplomacy course prioritizes developing persuasion skills through persuasive communication training, persuasion training, influence, and persuasion skills training. Equipped with stakeholder mapping tools, participants will learn the process of stakeholder analysis and stakeholder mapping, providing the foundation for effective public diplomacy. This course addresses both soft power and hard power in the sphere of cyber diplomacy, aiming to equip participants with skills to deal with cyber security issues, including cybercrime and cyber attacks. As the course takes place in Seattle, a specific focus on cyber law as per Seattle's jurisdiction will also be included.

Target Audience:

- Diplomats
- International Relations Experts
- Cyber Security Officers
- Communication Officers
- Public Policy Makers
- Digital Marketers
- Social Media Strategists
- Stakeholder Analysts

Targeted Organizational Departments:

- International Relations Department
- Cyber Security Department
- Public Relations Department
- Communications Department
- Public Policy Department
- Marketing Department

Targeted Industries:

- Government Organizations
- Cyber Security Firms
- International Non-Governmental Organizations

- Reflection & Review: Case Study Analysis of a cyber attack and understanding the role of cyber law

How This Course is Different from Other Cyber Politics & Public Diplomacy Training Courses:

Unlike other similar courses, this Cyber Politics & Public Diplomacy Certification Course provides an all-encompassing training on digital public diplomacy and cyber politics. It includes a specific focus on social media bots and Twitter diplomacy, acknowledging the growing impact of social media on public diplomacy. The course prioritizes the development of persuasion skills through comprehensive persuasive communication training, persuasion training, and influence and persuasion training. Participants are also equipped with tools for stakeholder mapping and analysis, critical for any public diplomacy campaign. The course recognizes the importance of understanding both soft power and hard power in diplomacy and provides a strong grounding in cyber security, addressing the rising threat of cyber crime and cyber attacks. Given its Seattle location, this course also includes specific training on the cyber law of Seattle, a crucial aspect often neglected in similar courses. Overall, the course offers a holistic understanding of cyber diplomacy and public diplomacy, making it a unique choice in the field.
