Accounting & Financial Statement Analysis Training Course

Course Overview:

Accounting & Financial Statement Analysis Course is a well-curated training course aimed at equipping participants with the comprehensive knowledge of financial planning and analysis. This course takes you on a journey, starting from understanding the accounting equation and significance of bookkeeping to mastering financial statement analysis. It demystifies balance sheet items, teaches you how to prepare an income statement, calculate a cash flow statement, and explains the difference between depreciation and amortization. The essence of the course lies in enhancing your ability in financial analysis planning and control, thus making you capable of effectively contributing to your organization's financial health. This is not just a financial accounting training course, it's a comprehensive guide to financial statement analysis.

Target Audience:

- Accountants
- Financial analysts
- administrative assistant
- Finance managers
- Heads of financial planning and analysis

Targeted Organizational Departments:

- Finance
- Accounts
- Planning
- Budgeting
- Control departments

Targeted Industries:

- Banking
- Investment firms
- Insurance
- Retail
- Manufacturing

Course Offerings:

Participants will learn to:

- Understand the main accounting equation and principles.
- Prepare main financial statements including income statement, balance sheet, and cash flow statement.
- Analyze financial statements using the financial statement analysis framework.
- Understand the difference between financial accounting and management accounting.
- Apply financial planning and analysis techniques to real-world business scenarios.

Training Methodology:

The course employs a variety of training methodologies. It incorporates case studies to analyze real-world business scenarios, interactive sessions to promote the practical application of accounting principles, group work to facilitate learning from peers, and feedback sessions to ensure continuous improvement. By the end of this training course, participants will have a well-rounded understanding of financial accounting and analysis, supported by practical experience and critical analytical skills.

Course Toolbox:

- Course handbook detailing the accounting cycle, financial planning and analysis process, and financial statement analysis techniques.
- Financial statement templates for income statement, balance sheet, and cash flow statement.
- Case studies for practical application.
- Online resources for continued learning and up-to-date accounting practices.
- Accounting software for hands-on learning.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
