

Corporate Finance Unleashed: A Complete Training Experience

Corporate Finance Unleashed: A Complete Training Experience

Overview:

'The Complete Corporate Finance Course' is a comprehensive training program that delves into the realms of financial accounting and management accounting, laying emphasis on their roles and applications in the Oil & Gas Industry. This course aims to demystify the concepts of finance and accounting, highlighting the differences and intersections between these two domains. It caters specifically to professionals seeking a certification in finance and accounts, by offering a thorough understanding of key topics like capital budgeting, cost of capital, and principles of corporate governance.

Target Audience:

The course is tailored for individuals such as:

- Financial Analysts
- Finance Managers
- Accounting Managers
- Corporate Controllers
- Professionals seeking a certification in finance and accounts

Targeted Organizational Departments:

The course is beneficial for the following departments:

- Finance
- Accounting
- Corporate Governance
- Risk Management

Targeted Industries:

The course has been designed considering the specific financial challenges and requirements of industries like:

- Oil & Gas
- Energy
- Mining
- Utilities

Course Offerings:

By the end of this course, participants will be able to:

- Comprehend the intricate relationship between accounting and finance
- Distinguish between finance and accounting
- Understand the nuances of corporate finance within the Oil & Gas industry context
- Apply corporate finance principles, including capital budgeting and working capital management strategies
- Understand and apply principles of corporate governance

Training Methodology:

The training methodology for this course includes:

- Interactive sessions for conceptual understanding and practical application
- Case studies focusing on the Oil & Gas industry
- Group discussions and feedback sessions for collaborative learning
- Practical sessions using a financial calculator for investment decisions
- Comprehensive discussions to elucidate the difference between financial accounting and management accounting, and between finance and accounting

Course Toolbox:

Participants will be provided with:

- A financial calculator for practical sessions
- Workbook containing course materials and reference content
- Templates for drafting an investment policy statement
- Guidelines for corporate governance
- Additional resources for continued learning, especially beneficial for those seeking certification in finance and accounts
