NIS 2 Directive: Cybersecurity Compliance & Risk Management Training Course

Course Overview

In today's rapidly evolving digital landscape, cybersecurity has become a critical priority for organizations worldwide. The NIS 2 Directive: Cybersecurity Compliance & Risk Management Training Course is designed to provide professionals with the expertise required to navigate the complexities of the NIS 2 Directive, ensuring compliance and strengthening cyber resilience.

This course offers a comprehensive understanding of cybersecurity compliance, IT risk management, critical infrastructure security, and network security under the EU cybersecurity law framework. Participants will gain hands-on experience in cyber threat protection, incident response training, and risk assessment methodologies while learning how to implement NIS 2 Directive requirements effectively.

With interactive sessions, real-world case studies, and practical exercises, attendees will develop a strong foundation in cybersecurity best practices for businesses and how to mitigate risks in sectors such as energy, transport, healthcare, banking, and digital services. Upon successful completion, participants will be prepared for the NIS 2 certification and acquire the skills necessary to lead organizations in cybersecurity governance and regulatory compliance.
