

Advanced Supply Chain Strategies: 5-Day Training

Advanced Supply Chain Strategies: 5-Day Training

Course Overview:

The course offers a complete and interactive learning experience designed to transform supply chain operations. This course integrates key aspects of both Supply Chain Transformation and Purchasing & Supply Chain Management, providing participants with an in-depth understanding of advanced strategies, technologies, and methodologies required for achieving a world-class supply chain. Attendees will gain expertise in strategic sourcing, procurement, technology integration, performance measurement, and continuous improvement. This course is more than just training; it's a transformative journey into mastering the complete cycle of supply chain management.

Target Audience:

- Supply Chain Managers
- Operations Managers
- Logistics Managers
- Procurement Professionals
- Purchasing Managers
- Entry-level employees in purchasing

Targeted Organizational Departments:

- Supply Chain & Logistics
- Operations Management
- Procurement & Purchasing Departments
- Inventory Management

Targeted Industries:

- Retail
- Manufacturing
- Logistics and Freight
- Healthcare
- Information Technology

Course Offerings:

By the end of this course, participants will be able to:

- Understand the principles of supply chain transformation and purchasing management
- Implement advanced supply chain and procurement strategies
- Leverage technology for supply chain optimization
- Manage and optimize vendor and supplier relations
- Measure and analyse supply chain performance
- Implement best practices in supply chain management

Training Methodology:

This course employs a mix of formal delivery, group work, case studies, and interactive sessions to ensure a complete learning experience. Participants will engage in practical exercises to apply supply chain and procurement strategies. Daily wrap-up sessions encourage questions and discussions, fostering a collaborative learning environment. Utilizing various teaching methods ensures that attendees gain both theoretical knowledge and practical skills in supply chain management.

Course Toolbox:

- Online resources for supply chain management
- Checklists for implementing supply chain and procurement strategies
- Case studies and real-world examples

Course Agenda:

Day 1: Foundations of Supply Chain & Procurement Transformation

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
