Advanced IFRS Reporting & DipIFR Preparation Training

Ref: 351_129083 **Date:** 11 – 15 October 2026 **Location:** Istanbul **Fees:** 4500 Euro

Course Overview

The Advanced IFRS Reporting & DipIFR Preparation Training is an intensive professional development programme for experienced accounting, finance, audit, and financial reporting professionals seeking advanced capability in the interpretation and application of International Financial Reporting Standards. This course is delivered by Agile Leaders Training Center.

The programme develops technical IFRS knowledge alongside professional judgment, analytical thinking, computational accuracy, financial statement presentation, disclosure assessment, and group reporting capability. Participants examine complex areas including revenue recognition, non-current assets, impairment, financial instruments, leases, provisions, taxation, employee benefits, foreign currency, business combinations, consolidation, associates, joint arrangements, and current reporting and disclosure requirements.

Target Audience

- IFRS Specialists
- Qualified Accountants
- Financial Reporting Managers
- Finance Managers
- Financial Controllers
- Chief Accountants
- Group Reporting Specialists
- Consolidation Accountants

Targeted Organizational Departments

- Financial Reporting
- Finance and Accounting
- Group Reporting and Consolidation
- Financial Control
- Technical Accounting
- IFRS Advisory
- Accounting Policy
- Internal Audit

Targeted Industries

- Banking and Financial Services
- Insurance and Investment Organizations
- Oil, Gas and Energy
- Manufacturing
- Construction and Real Estate
- Telecommunications
- Technology and Digital Services
- Transportation and Logistics

Course Offerings

Reflection & Review: Final Technical Development & Exam Readiness Plan

FAQ

What specific qualifications or prerequisites are needed before enrolling?

Participants should have substantial accounting and financial reporting knowledge, supported by a relevant qualification, degree, finance background, or significant experience in accounting, audit, or reporting.

How long is each day's session, and what is the total course duration?

Each training day typically lasts 4-5 hours, with a total course duration of approximately 20-25 hours over 5 days.

Is this an IFRS professional development programme or a DipIFR preparation course?

It combines advanced professional IFRS application with structured DipIFR readiness.

Does the programme include DipIFR examination practice?

Yes. It includes past-paper analysis, technical cases, consolidation scenarios, structured responses, and an integrated mock assessment.

Does the programme cover group accounting and consolidation?

Yes. It covers business combinations, subsidiaries, goodwill, non-controlling interests, consolidated statements, intra-group adjustments, associates, joint arrangements, disclosures, and subsidiary disposals.

How This Course Is Different

This programme combines advanced professional IFRS development with structured DipIFR readiness. It moves beyond elementary accounting concepts into complex recognition, measurement, presentation, disclosure, group reporting, professional judgment, ethical analysis, and technically supported communication.
