Mini-MBA in HR and Learning Development Training Course

Ref: 1643_221335 **Date:** 27 September – 8 October 2027 **Location:** Istanbul **Fees:** 8500 Euro

Overview

Mini-MBA in HR and Learning Development Training Course is a two-week professional programme for HR, L&D, talent, and capability practitioners who connect workforce decisions with measurable learning impact. Participants build a People and Learning Strategy Portfolio linking business priorities, workforce capability, employee experience, talent systems, learning architecture, analytics, governance, and change. The Mini-MBA format strengthens commercial and cross-functional decisions but does not award an academic degree or named certification. Agile Leaders Training Center develops practical, evidence-informed people capability.

Who Should Attend

- HR managers, business partners, and experienced generalists
- Learning and development managers and programme leads
- Talent management and organisation development practitioners
- People analytics and workforce planning specialists
- Managers responsible for organisation-wide capability

Learning Objectives

- Translate business priorities into workforce and capability choices
- Align resourcing, employee experience, and retention
- Build learning architecture connecting needs, design, transfer, and evaluation
- Integrate performance, talent, succession, mobility, and career development
- Use people and learning analytics to demonstrate value
- Shape governance, technology, investment, and change
- Present a board-ready People and Learning Strategy Portfolio

- People Value Map
- Workforce Capability Risk Register
- Employee Experience Map
- Learning Architecture and Evaluation Plan
- Talent and Succession Framework
- Analytics Dashboard Blueprint
- People and Learning Strategy Portfolio

FAQs

Is this an academic MBA?

No. Mini-MBA describes the integrated business-oriented format; this course does not confer a degree.

Does it prepare participants for certification?

No. It uses recognised professional capability themes but is not examination preparation.

How are HR and learning integrated?

Modules connect workforce decisions with capability building, transfer, talent systems, measures, governance, and outcomes.

What is the practical result?

A structured portfolio containing priorities, measures, governance, risks, and a phased roadmap.

Is management experience required?

No, but participants should understand workplace HR or learning processes.
