Ref: 1585_224746 **Date:** 30 November – 4 December 2026 **Location:** Addis Ababa **Fees:** 4500 Euro

Overview

Hospitality Legal and Ethical Issues Training Course is a one-week intermediate course for hospitality managers, supervisors, guest relations leaders, and compliance coordinators who leave with a Hospitality Legal and Ethical Risk Register. Participants learn to recognize operational concerns, organize evidence, choose proportionate controls, and escalate matters without treating the course as legal advice. The course connects guest rights and privacy, bookings, accessibility, workplace conduct, safety, service responsibilities, supplier ethics, and incident records. Agile Leaders Training Center delivers hospitality legal and ethical risk training.

Who Should Attend

- Managers responsible for hotel and resort operating decisions
- Supervisors responsible for guest service and complaint handling
- Leaders responsible for privacy, security, and incident response
- Coordinators responsible for compliance records and escalation
- Department heads responsible for staff, suppliers, and service controls

The course assumes participants make or support hospitality operating decisions and leaves formal legal interpretation to authorized specialists.

Departments and Industries

The course supports functions that manage legal and ethical exposure across hospitality and related service sectors.

- Hotels, resorts, serviced residences, and tourism operations
- Front office, reservations, guest relations, and security
- Food service, events, leisure, and visitor attractions
- Human resources, facilities, safety, and compliance
- Procurement, finance, data administration, and supplier management

FAQs

Who suits Hospitality Legal and Ethical Issues Training?

Hospitality managers, supervisors, guest relations leaders, department heads, and compliance coordinators who already support operational decisions suit the course; formal legal training is not assumed or provided.

How does hospitality legal and ethical issues training differ from legal compliance training?

Hospitality legal and ethical issues training develops management issue spotting, documentation, control selection, and escalation, while specialist legal compliance training interprets specific laws and formal obligations.

Does hospitality legal and ethical issues training provide legal advice?

No. The course helps participants recognize concerns, preserve facts, apply internal controls, and refer questions requiring interpretation to authorized specialists.

How are guest privacy and booking disputes handled ethically?

Participants use confidentiality, fairness, accurate records, consistent commitments, restricted information access, and proportionate escalation to structure decisions.

What is a Hospitality Legal and Ethical Risk Register?

A Hospitality Legal and Ethical Risk Register records the issue, affected parties, evidence, controls, owner, escalation route, and follow-up action for management review.

Conclusion

Participants finish with a Hospitality Legal and Ethical Risk Register that converts varied operating concerns into visible priorities. The work product improves consistency in documentation, control selection, ownership, and escalation. It also helps hospitality teams separate routine management action from matters requiring authorized specialist advice.
