Strategic HR Leadership: Advanced Recruitment, Metrics & Benchmarking

Ref: 103600475_76921 **Date:** 7 – 11 June 2027 **Location:** Abu Dhabi **Fees:** 4700 Euro

Course Overview:

This 1-week advanced course is designed for seasoned talent acquisition leaders, recruitment managers, and HR strategists. With a focus on strategic decision-making, data-driven recruitment, and high-level benchmarking, this course will push participants to master complex recruitment strategies, evaluate performance using advanced metrics, and benchmark talent acquisition practices against industry leaders. Participants will dive deep into techniques for assessing recruitment effectiveness, fine-tuning employer branding, leveraging AI and recruitment analytics, and aligning recruitment efforts with organizational business goals. By the end of the course, participants will possess the tools to position their organizations as leaders in talent acquisition and onboarding.

Target Audience:

- Talent Acquisition Directors and Senior Managers
- Recruitment Strategists and Consultants
- HR Business Partners with expertise in recruitment
- HR Technology Leaders
- Organizational Development Professionals

Targeted Organizational Departments:

- Talent Acquisition & Recruitment
- Human Resources
- Organizational Development
- HR Technology
- Employer Branding & Marketing

Targeted Industries:

- Technology & IT Services
- Healthcare & Pharmaceuticals
- Financial Services & Banking
- Professional Services
- Manufacturing & Supply Chain

Learning Objectives:

By the end of this course, participants will be able to:

- **Benchmark talent acquisition strategies** against global best practices and identify areas for improvement.
- **Utilize advanced recruitment metrics** and KPIs e.g., predictive analytics, candidate quality metrics, cost-per-hire to assess and refine recruitment effectiveness.
- **Implement AI-driven recruitment tools** and integrate them within traditional recruitment processes while maintaining a human touch.
- **Enhance candidate experience** through advanced touchpoint design, focusing on high-level engagement and long-term relationship building.
- **Design and implement recruitment processes** that align with long-term organizational goals, driving both talent acquisition and retention.
- **Leverage data analytics** to predict hiring trends, improve sourcing efficiency, and make informed decisions.

Course Toolbox:

- Advanced Talent Acquisition Strategy Framework
- Benchmarking Recruitment Metrics Guide
- Predictive Hiring Analytics Dashboard
- AI Tool Implementation Roadmap
- Strategic Employer Branding Checklist
- DEI and Compliance Impact Assessment Template
- Customized Onboarding Blueprint

Training Methodology:

- **Advanced Case Studies**: In-depth analysis of organizations known for their exemplary recruitment strategies.
- **Group Strategy Work**: Hands-on experience with benchmarking, analytics, and process design.
- **Expert-Led Discussions**: Engage in high-level discussions about the integration of advanced tech into recruitment.
- **Workshops and Simulations**: Real-life application of advanced metrics and AI tools.
- **Peer Review and Feedback**: Collaborative learning through peer feedback on individual strategies.

- **Topic 4**: Strategic Workforce Planning for the Future of Recruitment
- **Topic 5**: The Future of Recruitment: Trends in Automation, Remote Work, and Global Sourcing
- **Topic 6**: Capstone: Designing a Comprehensive Recruitment & Onboarding Strategy
- **Reflection & Review**: Final evaluation and peer feedback on strategic recruitment planning

FAQ:

1. What specific qualifications or prerequisites are needed for participants before enrolling in the course?

There are no formal prerequisites for enrollment; however, this course is designed for professionals with at least 10 years of experience in talent acquisition or HR. Participants should have a solid understanding of the recruitment process and a strategic mindset to gain the most benefit from advanced topics like recruitment benchmarking, analytics, and AI in talent acquisition.

2. How long is each day's session, and is there a total number of hours required for the entire course?

Each day’s session is structured to last around 6-7 hours, with interactive activities, case studies, and discussion breaks included. The total course duration spans one week, totaling approximately 35–40 hours of instruction.

3. Will there be any hands-on experience with recruitment technology and analytics tools?

Yes, participants will have the opportunity to work with tools and dashboards, such as Predictive Hiring Analytics, ATS systems, and AI-powered recruitment solutions. These tools will be demonstrated conceptually and applied in real-life scenarios to enhance the learning experience.

How This Course is Different from Other Talent Acquisition and Recruitment Courses:

This course stands out by focusing on talent acquisition as a strategic leadership function, integrating advanced recruitment benchmarking, AI, and predictive analytics. It offers a comprehensive approach to onboarding, with a strong emphasis on retention strategies. Unlike other courses, it provides in-depth knowledge on data-driven metrics, recruitment ROI, and future-proofing recruitment practices, using real-life case studies and hands-on applications. Participants learn to align recruitment with organizational goals, leveraging technology while maintaining a human touch.
