Awareness to Compliance Culture: Internal and External Obligations

Ref: 36208_92729 **Date:** 8 – 12 November 2027 **Location:** London **Fees:** 5700 Euro

Awareness to Compliance Culture: Internal and External Obligations Overview:

This comprehensive course delves into the essence of cultivating a robust compliance culture within organizations, highlighting the pivotal role of compliance in ensuring organizational success through effective risk management. Participants will gain a deep understanding of the compliance culture definition, explore the importance of compliance culture, and learn how to navigate both internal compliance obligations and external compliance requirements. With a focus on integrating compliance into daily operations, the course offers insights into legal frameworks in compliance, industry-specific regulations, and international compliance standards. Through engaging case studies, participants will explore regulatory compliance challenges and solutions, emphasizing the significance of a Code of Conduct, ethical decision-making, and ethics in compliance. This course is designed to equip participants with the knowledge to conduct internal compliance assessments, manage third-party compliance risks, and implement continuous improvement strategies in compliance management, thereby reinforcing a strong compliance culture.

Target Audience:

- Compliance Officers
- Risk Managers
- HR Professionals
- Department Heads
- Senior Management

Targeted Organizational Departments:

- Compliance and Legal
- Human Resources
- Operations

- Retail

Course Offerings:

By the end of this course, participants will be able to:

- Define and explain the importance of a compliance culture within organizations.
- Navigate internal and external compliance obligations.
- Understand and apply legal frameworks and industry-specific regulations.
- Address regulatory compliance challenges with effective solutions.
- Develop and implement a Code of Conduct and ethical decision-making processes.
- Integrate compliance practices into daily operations.
- Conduct compliance audits and internal assessments.
- Manage third-party compliance risks with best practices in due diligence and monitoring.
- Strengthen and continuously improve the compliance culture.

Training Methodology:

This course employs a dynamic mix of training methodologies to cater to diverse learning preferences, including interactive sessions, case studies highlighting regulatory compliance challenges and solutions, group work for practical application of concepts, and feedback sessions to ensure comprehension and applicability. Participants will engage in ethical decision-making exercises and conduct ethical impact assessments, fostering a hands-on learning environment that encourages the integration of compliance and ethics into their professional practice. The use of compliance audits introduction and internal compliance assessments in training emphasizes the practical application of knowledge in real-world scenarios, preparing participants for immediate implementation within their organizations.

Course Toolbox:

- Comprehensive workbooks covering compliance culture, legal frameworks, and regulatory compliance.
- Access to online compliance courses and best compliance certification courses.
- Checklists and templates for internal compliance assessments and third-party due diligence.
- Interactive case studies and scenarios for group discussion.
- A guide to implementing effective Code of Conduct and compliance communication strategies.
